Award Winning Kitchens

With over 400 doors, 78 colours and 16,000 different cabinet configurations, choice is at the heart of every Masterclass kitchen design. Choose your favourite Modern, Shaker or Classic style and start the journey to the kitchen of your dreams that has the quality to last a lifetime.

Established 1975

When we first started making kitchens, it was in an old farm building with just 4 employees. We used second hand machinery to make simple pieces of furniture for friends and family. Now we have over 200 staff and a state of the art, 60,000 sq ft factory, that we call home.

It starts with a conversation

Masterclass Kitchens are tailor-made for each and every one of our customers. Our studios lovingly create the kitchen design of your dreams - they are your personal design experts. They'll listen to what your heart desires, then create a kitchen design that's right for you, your lifestyle and your budget.

Where memories are made

A kitchen is much more than just a place to cook. It has fast become the heart of the home and the hub of family life. A place to enjoy breakfast on a sunny morning, a quiet coffee at eleven or a family meal sharing the days stories. Your Masterclass kitchen will create memories that will last a lifetime; we hope they will be good ones.

Our Studios

We manufacture our kitchen furniture and only supply via a network of approved and appointed kitchen specialists who possess the knowledge and skills needed to ensure you get the very best from your new Masterclass kitchen. They will be able to show you displays, samples and colour swatches of our products and design and install a kitchen to suit your budget.

We are Masterclass Kitchens

40 year heritage

Our roots go back to 1975 when we first started making kitchen furniture for friends and family. Now we have a modern, state of the art 60,000 sq ft factory that we call home. We love seeing the journey our kitchens take - from being built in our factory, right through to being fitted at the home of its new owner.

Precision manufacturing

Quality has always been tremendously important to our business and it is our belief that the best kitchens are rigid built and made in the factory - not made up at your home. We are filled with pride when we see our delivery vehicles taking a kitchen to its new expectant owner, we just know they'll be delighted.

10 year warranty

All Masterclass Kitchens carry a warranty to provide you with complete peace of mind. The cabinets carry a 10 year warranty; there is a lifetime warranty on hinges and drawers, while the frontages, decor panels and wirework carry a 3 year warranty. Conditions apply, please ask your local retailer for details.

Our partners

We manufacture and supply our kitchens through a network of approved and appointed kitchen retailers. They will show you displays, samples and colour swatches of our products and design and install a kitchen to suit your budget. A true passion for colour

Colour is the design tool to alter the mood of your kitchen; it can change the perception of space and draw the eye to a feature. 2018 is the year of the accent colour in kitchen design and our wonderful colour palettes give you the option to create a design to love and one that is truly unique to you. Be bold, be different.

Free standing furniture

For more information on any of our features, visit masterclasskitchens.co.uk

Free standing furniture

The defining feature of a classic kitchen setting is the use of free standing furniture, rather than built-in cabinets and islands. A beautiful table has been created with free standing furniture instead of a conventional island design.

Painted features

For more information on any of our features, visit masterclasskitchens.co.uk

The inframe system

An inframe kitchen can often be a costly option. We have created an inframe system that utilises a specifically designed pelmet to create a beautiful inframe effect that makes it much more affordable.

Chef's table

Every keen chef will benefit from the functionality and versatility of a chef's table. Its beautiful finish, generous drawer space and open storage underneath makes it a real pleasure to use.
